FIND YOUR CENTER

To live a centered life is to seek a harmonious state where all of life's elements are in perfect balance.

It is the acceptance that life is not a linear journey with a singular destination, but rather a series of interconnected circles, where our physical, emotional & spiritual elements are intertwined.

A centered bottle of wine is a balance of the complementary elements of fruit, acidity, sweetness and tannins.

CABERNET SAUVIGNON

This Napa Valley Cabernet Sauvignon opens with a bouquet of ripe blackberry, plum, and currant with just a hint of herbaceousness. The palate offers concentrated tannins with flavors of cherry, a hint of smokiness, and a touch of cedar.

This is a well-balanced wine with a persistent finish.
